PACKAGING GUIDELINES

Please make sure to properly package your cargo to safely withstand both inland and ocean transportation. All items should be packaged to protect loose or protruding parts. All special handling instructions and directional arrows must be clearly visible on the outside of the packaging. Call or visit our website for additional information on packaging your cargo.

Canada Customs now requires exporters to report their shipments prior to cargo being exported from Canada. Please contact your local Customs office or visit www.cbsa-asfc.gc.ca for more information.
